At 8:55 p.m. deputies were dispatched to what was initially reported as an unknown accident in the 6100 block of Whitneyville Ave., Caledonia Township. When Deputies arrived they found a 64 year old man who had been severely beaten.

Witnesses were able to describe that this was an incident of road rage and that the man was assaulted by up to three young men. The suspects fled north on Whitneyville Ave. on a blue and white dirt bike style motorcycle and a red and white 4-wheeler. Neither of the off road vehicles had head lights. They were last seen heading east of 52<sup>nd</sup> St SE.

Deputies then began a door to door neighborhood canvass on 52<sup>nd</sup> St. While doing this a suspect was developed, located and then transported to the detective bureau for

questioning. The motorcycle and 4-wheeler were located along with other evidence from the scene.

At the time of this release the suspects were still being questioned by Detectives and no arrests have been made.

The victim remains in critical condition.
